

JOB-RELATED INJURIES

The Board makes provisions for an employee for injuries that are job-related. Specific provisions are outlined in **Board Policy File: GBRI, pg. 10 of 11**. Instructions and forms for completion in the event of a job-related injury are provided in a document entitled Madison County Schools, Provisions for Job-Related Injuries (pgs. 45-49), available at each school/work site and in the Personnel Office. Forms may be downloaded from the Personnel Department web page.
